

# BTEC Intermediate Award in Customs Export and Import Procedures

Originally developed by BIFA with input from HM Customs this BTEC accredited course has evolved to cover the export and import Customs procedures of today. Over four tutor-led training days delegates will gain an understanding of Customs terminology, procedures and regimes through presentations, group work, work-based assignments and projects. To complete the course there will be a 90-minute assessment.

## UNIT 1

### Customs and the Customs Tariff

- Customs role in international trade
- The UK Trade Tariff
- Classification of goods
- Incoterms 2020 and Customs valuation
